File No. 387 of 1918.

Serial No.

1) In connection with the printing work to be done for railways, I noted on the file a few -- days back that instead of having small presses for the different departments like Railway, --- University, etc., it would be a good thing to develop the Mysore Branch Press which would -- then undertake to do all work sent by the University and Railway departments. I have since had a discussion with the Superintendent, Government Press, on the subject. I understand from him that if an initial grant of Rs. 50,000 is given for machinery and type with an establishment costing Rs. 1,000 a month including the Assistant Superintendent on Rs. 300 - 400, he will be in a position to do all the University and the Railway works from October 1918. The initial expenditure may be met from the University and Railway funds respectively. The cost of the establishment will be reimbursed by --- charges made to the respective departments for which the work is done. If necessary the --- University and the Railway may have small presses attached to the respective departments -- for urgent and confidential work. But the bulk of the work will be done in the Branch Government Press at Mysore.

NOTE—Contn. sheet.

G. R. S. III-2]

General and Revenue Secretariat. File No. 42 of 1917.

Serial No.

2) The organization of the Branch Press will be for the present like this. The -- Press will be in immediate charge of one of the Assistant Superintendents and will be controlled by the Superintendent, Government --- Press. There will be a special section for University work and another special section for Railway work besides the general section for special work connected with Dasara, Birthday, etc. There will also be a section for Sanskrit and vernacular work.

3) It seems to me that action on the --- lines indicated above may be taken at once and all future trouble and difficulty regarding printing work of the University and the Railway Departments altogether avoided. The Superintendent assures that if definite orders are issued before the end of May he will --- undertake to open the establishment from about the next Dasara time.

4) As the Dewan Saheb desired that the scheme suggested by me should be developed, I have drawn up this note and request that early action may be taken and orders obtained and issued without delay.

Measures necessary for developing the Govt Branch Press at Mysore. —

The Branch Press at Mysore is now doing the following items of work:—

20) Some of the printing work in connection with the Dasara and April Sessions of the Repve Assembly; some printing work of the Annual Session of the Mysore Economic Conference; some forms etc for the Mysore Municipality and the Trust Board; printing of the Mannuscripts of the oriental Library; and some work of the palace and the Mysore Sanskrit College; and latterly some work of the University.

21) It has now a staff of 24 hands including a Foreman and an Assistant foreman, costing Rs 4071 on an average per annum, and ~~costing~~ the expenditure on it per year including all items is about Rs. 6000.

22) The proposal is to develop it so that it will be able to do all the work for the University and for the Railways, excepting some matter of a confidential or other special character which they will arrange to have done in small presses which they can have for the purpose.

23) The Suptdt proposes certain additions

NOTE—Contn. sheet.

Serial No.

to the accommodation, the equipment and the staff to enable the Press to cope with the increase of work. The proposals involve a total cost as follows:-

		Rs
Non recurring expᵉ	for buildings	10000
	for equipment	25000
Recurring Expᵉ	for Asst Supdt	4200 pa
	for Estt with accessories & other expᵉ might be	13000 pa

Total non-recurring expᵉ Rs 35000.
" recurring Rs 17200

It has been suggested that the Asst Supdt may not be necessary as one of the Sub-Asst Supdts can be posted for duty at Mysore. It is doubtful if the Central Press can afford to send away one officer but if it can the recurring expᵉ will be Rs 13000 plus the pay of the Sub-Asst Supdt who must be posted there extra.

24) With the Asst Supdt the cost will be nearly three times and without him a little over twice the present expenditure per annum.

25) The Branch Press would, when thus reorganised, have an Asst Supdt or Sub-Asst Supdt and a staff of 49 subordinates, workmen and officials in three sections - the Railways, the University, and the General sections - and do all the work now being done in it and in addition all the work for the University & the Railways dept except work of a special character.

NOTE—Contn. sheet.

G. R. S. III-2j

General and Revenue Secretariat.

Filo No. 42 of 1917.

Serial No.

26) The extra cost for buildings and equipment can be apportioned between the Rys the University, and the extra recurring by getting it from the Press Dept and charged to the Rys and the University from those d work done. or by fixed annual contri charging for work done is the better arrangem as conducive to a sense of responsibility and avoiding trouble from any question of control The Univ had proposed a provision of about Rs 5 for a Univ Press, and as the Press would cost a the same amount at least, to be able to all the Depts' work. Allowing about 15000 to each of them for their small special pre (or doing confidential or their special work, t should be able to spare each about Rs 2 0 The total expr would thus be less and a consi amount on buildings saved. If further additions to buildings & equipment should beco necessary in course of time the Rys Dept and Univ would have to meet such part the extra expr as may be necessary on accor of increase in work done on their account.

Chief Secy). HW 26.7.1

27) The proposals of the Press Supdt m be sanctioned & work put in hand ab

NOTE—Contn. sheet.

Serial No.

To enquire the Press Hqrs work -

28) The expenditure will have to be met by reappropriation from sanctioned grants. On receipt the papers will please consult A.S. Fin & Prem Suptt. A draft may then be put up. The matter should be treated as urgent.

27/11/18

29 I have talked this matter over with the Supdt of the Press. There is a provision of Rs 40000 for purchase of machines in the current year's budget. Orders till now placed for articles under this head come to about Rs 10000. During the current year he says, he is not likely to need any more money out of this head for the Central Press. There is therefore available for ~~redistribution~~ use for developing the Branch an amount of Rs 30000 under this head. The Estt on the new scale for the rest of the year may cost an extra sum of Rs 7000. The structure which may be put up for the accommodating the new machinery may cost Rs 10000. What is left namely Rs 13000 will be enough for the purchase of the machinery and type that will be immediately necessary. These proposals may therefore be approved.

(46) I have seen two visits since to the Press the first on the 18th inst & the second this day. accompanied by the Ch. Secy on both the occasions. On the former occasion the various Sections, Composing, printing, binding, type casting, Stores, Office were inspected While on the latter the proposals about the organisation were discussed in detail. The Supdt. will submit Modified proposals Receipt of these may be awaited.

Necessary action about the Extension to the Branch Press Pointing at Negapatam City has been taken by the P.W.D., and I mean next to settle with the Supdt. the details of the additional plant required to be sent there to meet the additional work expected from the Rly dept & the Municipality.

Subject:—

Development of the Government Branch Press at Mysore City.

These papers relate to the development of the Government Branch Press at Mysore City.

2. The work in this Press has increased considerably in recent years and it has also become necessary to make provision for the large quantity of printing work required to be done for the University and the Railway Department. It is, therefore, proposed to strengthen the establishment and to make certain additions to the buildings and the plant of the Branch Press at Mysore. It is expected that the extra non-recurring and recurring cost will be Rs.35,000/- and Rs.6,672/- per annum, respectively.

3. The accompanying draft order, sanctioning the above proposals, which has been agreed to by the Members of Council and accepted by the Financial Secretary, may be graciously approved.

P Rajeshwara Rao

Diary 10036.

SP 42-17-1R

From

D. B. Ramachandra Sadhliar, Esq.,
Superintendent, Government Press,
BANGALORE.

To

C. S. Balasundaram Iyer, Esq., B. A.,
Chief Secretary to the Government of Mysore,
BANGALORE.

Sir,

With reference to your letter No. G. 18256/ G. F. 42-17-1, dated the 30th May 1913, I have the honor to state that as per Government Orders Nos. G. 606-10, dated 15th November 1891 and G. 5685-5/ G. F. 105-92, dated 15th October 1902, the Branch Press at Mysore was established as an auxiliary to the Central Press at Bangalore, work being sent thither when there is pressure at the latter. It was also intended that the urgent and confidential papers relating to the Dasara Representative Assembly should be printed there when the Government moved to Mysore for the purpose. Latterly, it is doing the work of the second Session of the Representative Assembly and that of the Proceedings of the Annual Session of the Mysore Economic Conference. During Slack Season, it was entrusted with the printing of a portion of the work done at Bangalore such as Indent Forms of the Mysore City Municipality, the Mysore Trust Board and other offices and also of the printing of the manuscripts of the Oriental Library. Lately, the work of the Palace such as the Panchangam, the Civil List, the Report of the Vidvat Examination and other Miscellaneous works, the printing of the Exhibition and Wrestling Tournament and Dramatic Jour-

and also of the University, besides the Question Papers of the Government Schools and Colleges at Mysore, were all done there.

Thus, the work of the Branch Press has grown in volume and importance. Now that the Railway Departments are all transferred to Mysore and that the University is developing rapidly, it has become imperative to develop the Branch Press to adequately cope with the various kinds of work that would be required to be printed there. All work to be done may be classified under three main divisions--(1) General Government work (2) University work and (3) Railway work. It is therefore now necessary to equip the Press suitably to meet the requirements, both as regards ~~the~~ Establishment and Plant and Materials.

The annexed statement gives the present and proposed establishment, together with the cost.

42

				Scavenger	1	7	7
Total establishment.	24		339¼ or Rs.4071 per annum		49		871½ or Rs.10,458 per annum

The recurring expenditure for the Branch Press, existing as well as proposed, is given in the following statement.

PRESENT		PROPOSED	
Pay	Rs. 4,071	Establishment	Rs.10,458
Overtime	400	Overtime	500
Piecework	1,000	Piecework	1,000
Printing allowance	30	Printing allowance	
Electric power		Electric power	
Contingencies	96	Contingencies	175
Total	6,097	Total	12,780

40

The non-recurring expenditure immediately required for the purchase of plant, materials, type and stores comprises the following items:-

	approximate.
Machines.-	
1 Double Demy printing machine 1 Crown or Foolscap Folio Treadle machine 1 Cutting machine 1 Wire-stitching machine 1 Ruling machine 1 Perforating machine 1 Hand-mark ring machine.	Rs. 15,000
Types.-	
(1) English 8 pt., 11 pt., 10 pt. & 12 pt., text types and various display types.	
(2) Kannada, Tamil, Telugu, Hindustani and Devanagari types.	5,000
Materials.-	
Composing, printing and ruling room requisites such as - cases, frames, imposing stone, mallets, shooting sticks, chases, shafting - pulleys, tables, etc., etc.	5,000
Total Non-recurring Expenditure ...	Rs. 25,000

The above is the minimum requirement necessary which will supplement the existing stock of machines, type and material in the branch press. I have on order a printing machine, a Cutting machine and a Ruling machine, and these will be immediately installed in the branch Press on arrival. Urgent orders being placed for the requirements of the Central Press. I may also arrange to supply English Text types from the Central Press newly cast on the Thomson Type Casting machine. Paper will be supplied from the Stationery Depot and charged for.

I therefore request that a sum of Rs.40,000/- both for capital expenditure and the recurring annual expenditure may be sanctioned for the present. An Assistant Superintendent may also be appointed with effect from 1st July 1914 to -

44

organise the Press and bring it into working order from October 1918, work commencing in right earnest from 1st January 1919, by which time all the machinery may be expected to have been received.

I solicit that the scheme as outlined above may be kindly sanctioned at a very early date.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent,

Government Press.

Certificate No 22.

D.O. No. 797 2/office

4130

Office of the Comptroller in ~~Mysore~~,

Bangalore, 4th September 1918.

Dear Sir,

Your D.O.letter No.G.4497 dated 30-8-18 forwarding for a certificate the draft G.O. revising the Government Branch Press at Mysore.

According to the draft G.O., the extra cost is Rs.30,000/- which consists of both recurring and non-recurring expenditure. The recurring expenditure is Rs.6,683/- as noted in para 1 of the draft G.O. and the balance of Rs.23,317/- is non-recurring. For reasons already given in previous certificates, there is no margin for further recurring expenditure under the Group 'Civil Administration'. The non-recurring expenditure can be met from the source pointed out, except the charges for buildings, which should be charged to the group 'Public Works' and ~~as such~~, cannot be reappropriated from the group 'Civil Administration'

The enclosures received with your letter are herewith returned.

Yours sincerely,

T.E.Jayaram Iyer Esq., B.A.,B.L.,
Under Secretary to Govt,
Genl. & Rev. Secretariat,
Bangalore.

Mysore Government Press,
Bangalore 27th November 1918.

Dear Sir,

In reply to your letter No.G 9497 of yesterdays date, I beg to state that as per orders of the Extra Member a rough plan of the proposed additions and alterations to the Branch Press building was prepared by me and submitted, which was returned with his suggestions, and a fresh plan on the lines indicated by him was prepared. The Chief Engineer, Architectural Engineer and Executive Engineer, Mysore had called at the Branch Press as desired by the Member for inspection, and the amended plan was handed over to the Chief Engineer after our inspection. Upon which, the Executive Engineer was asked to prepare and submit immediately a provisional estimate for administrative purposes. I am not aware as to what happened then.

With regard to the arrangements for additional machinery, I beg to state that as intimated in my previous

Development of the Government Branch Press at Mysore.

No. G. 23856-61—G. P. 42-17-21, DATED 17TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Correspondence ending with letter No. 2614—a, dated 3rd March 1919, from the Superintendent, Government Printing, in regard to the development of the Branch Press at Mysore City.

Order No. G. 23856-61—G. P. 42-17-21, dated 17th April 1919.

The work in the Government Press has increased considerably in recent years and it has also become necessary to make adequate provision for the large quantity of printing work required to be done for the University and the Railway Department. The Branch Press in Mysore City has therefore to be developed so as to make it fit to cope with some of the extra work and the bulk of the work of the University and the Railway Department, the headquarters of which latter have since been transferred to the Capital City. The Superintendent, Government Printing, has proposed with this object the following items of additional expenditure to be incurred during the current as well as in future years:—

		Rs.
Non-recurring for machines, type, etc.	.. ..	25,000
Do buildings	.. ..	10,000
Recurring, additions to staff	.. ..	6,192
Do contingencies	.. ..	480
	Total ..	41,672

Government approve of the Superintendent's proposals with the modification that a sum of Rs. 13,000 only be spent on extra machines and type and other material during the current year, the expenditure being met out of the provision of Rs. 40,000 under "Purchase of Machines" in the current year's Press Budget.

The establishment of the Branch Press as it stood hitherto and as it is now sanctioned is shown in the annexure. The additional contingent grant asked for, namely Rs. 40 per month, is also sanctioned. The entire revised establishment should not be entertained at once, new hands being taken on to the extent necessitated from time to time by the increase in work.

The additional expenditure during the rest of the current year on account of establishment and contingencies subject to a maximum of Rs. 1,032+80 will, as a special case, be met out of the grant for the "Purchase of Materials and Types" in the current year's Press Budget. The Comptroller is requested to make necessary provision in the budget for this expenditure in future years.

An estimate of Rs. 31,215 has been separately sanctioned for improving and extending the Branch Press building at Mysore City.

It is expected that, with this additional equipment, the Branch Press at Mysore will be able to undertake, in addition to the work that it has done till now, all the work of the University and the Railway Department, except work of any special nature for which they may wish to make separate arrangements. The University and the Railway Department will not contribute to the expenditure on equipment and buildings but all work done for them will be charged for according to the schedule of sanctioned rates.

The Superintendent, Government Printing, is requested to report before the end of the current official year the steps taken to carry out the instructions contained in this order.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Printing.
The Comptroller to Government through the Financial Secretariat.
The Chief Engineer in Mysore.
The Registrar, Mysore University.
The Secretary to Government for Railways.
The Secretary to Government, Departments of Education and Agriculture.

Exd.—C. R.

No. G. 23856-61—G. P. 42-17-21, DATED 17TH APRIL 1919.
